

**PEMF 120 High-Powered Pulsed Electromagnetic Field (PEMF) Therapy Device:**

The PEMF 120 is the World's most prevalent High-Powered Pulsed Electromagnetic Field Therapy device and has earned a reputation for power, reliability, versatility, comfort, safety, and value over a 12+ year history.

PEMF 120s are used by Practitioners, Sports Therapists, Athletes, Teams and Individual Owners all over the World. A major reason for this is PEMF 120s have fingertip intensity control that enables a treatment experience perfectly matched to the needs and comfort of the recipient.
